Department Code:	832359	Department Name:	Case Worker Dubbo
Classification:	as per relevant qualifications & experience		
Award:	DEP - Dependent On Qualifications and Skills		
Employment Status:	Permanent Full Time		
Date of Review:	March 2009		

Organisational Environment

The Drug & Alcohol Services within the Central & Castlereagh Clusters of the Greater Western Area Health Service (GWAHS) provides drug & alcohol services to an area covering 116,400 square kilometres; 14.6% of New South Wales and has a population of around 103,000.

Drug & Alcohol services operate under GWAHS, and the Centre for Drug & Alcohol in the NSW Health Department. The Area Health Service operates under the Health Services Act (1997).

Key objectives and frameworks for D&A services are outlined in the NSW Drug Treatment Services Plan 2000-2005 (NSW Health).

Drug & Alcohol Services in GWAHS provide a range of strategic development and clinical services across the lifespan based in towns across the Area. These services include assessment and early and brief intervention, case management, inpatient detoxification services, health improvement, staff development, quality initiatives, and information development.

Reporting Relationship

Deputy Manager Drug & Alcohol through delegate

Purpose Of Position

This position is responsible for providing assessment, case management, referral and follow-up for clients seeking assistance with substance use problems. This may involve brief interventions, counselling, initiating and managing planned treatment options, consultation and referral to other agencies or crisis management. The intervention provided is based current best practice models.

The Case Worker will maintain regular contact with general practitioners, other health and welfare professionals, and broader community groups to provide assistance in managing substance use problems.

The Case Worker is required to provide regular services to designated sites within the Central and Castlereagh Clusters of Greater Western Area Health Service. This may involve regular overnight stays. Travel for the purpose of staff development will also be required from time to time.

SELECTION CRITERIA

Essential Criteria:

- 1 Registration in Social Work, Nursing, Occupational Therapy, Psychology or a degree level tertiary qualifications in a related subject.
- 2 Understanding of case management practices in mental health, drug and alcohol or generalist setting.
- 3 Understanding of the concept of Harm Minimisation
- 4 Demonstrated ability to function effectively in a multi disciplinary team environment and the ability to function in a professional manner without direct daily supervision
- 5 Understanding of OHS&R and EEO Principles
- 6 Ability to work within a computerised environment
- 7 Demonstrated ability to communicate, liaise and network with a range of services and Health agencies.
- 8 Current Licence to drive in NSW

Desirable Criteria:

- Prior employment in the Drug and Alcohol field
- Understanding of National and State drug strategies
- Demonstrated understanding of mandatory reporting procedures as per Department of Health Policy Guidelines

Duties

- Provide a comprehensive assessment, treatment, referral and follow up service for individuals with substance use problems
- Provide assistance to families and friends of individuals with substance use problem
- Implement and participate in group work
- Participate in the development and delivery of training and related activities to increase the knowledge and skills of general practitioners and other health and welfare professionals in the treatment of substance use problems
- Provide information and support to general practitioners and other health and welfare professionals in the treatment of substance use problems
- Assist in the planning and delivery of services
- Provide representation on relevant committees, working parties and groups within the broader community
- Assist with activities in local communities to raise awareness and encourage a reduction of problems associated with substance use
- Maintain client records at Health Service sites across the Area consistent with AHS Guidelines
